Quality Enhancement Plan

28. Quality Enhancement Plan, Including Reaffirmation Year

The "Quest for Academic Success: Improving Reading Comprehension Skills" is Tyler Junior College’s QEP to enhance the learning and success of students by providing them with the knowledge and experience to build reading comprehension skills for their academic careers. Critical to the plan is a campus-wide interdisciplinary commitment by faculty, students, and staff.

The goals of the Quest are to: 1) increase students’ reading comprehension strategies across the curriculum; 2) provide students with the academic support services for improving reading comprehension; and 3) provide professional training for faculty in the use of instructional strategies which will improve students’ college level reading abilities.

The foundation of the plan is to enhance those Gateway courses which provide the most exposure to reading comprehension strategies, with instructional strategies designed to improve reading comprehension skills. The plan is now being expanded to include professional and technical courses as well.

The QEP was approved by SACS in 2011. [http://www.tjc.edu/QEP](http://www.tjc.edu/QEP)

Excellent Programs

Highlighted Excellent Programs 1

Dental Hygiene
Accredited by ADA Commission on Dental Accreditation, the program is a selectively enrolled program culminating in an AAS in Dental Hygiene. Graduates are eligible to sit for national and regional exams for state licensure. Dental Hygiene students won the May 2014 ‘College Bowl’, a contest answering National Board questions, competing against students from most programs across Texas, including baccalaureate programs.

[http://www.tjc.edu/Dental](http://www.tjc.edu/Dental)

Highlighted Excellent Programs 2

Tyler Junior College’s Radiologic Technology Program has produces a 100% pass rate for licensure for the last 12 years, with our graduates average scores consistently being higher than the national average, which in turn is consistently higher than the state average.
