Texas A&M University-Commerce has increased enrollment 64.4% since Fall 2000 and has reached 82% of its ambitious Closing the Gaps goal of 15,000 students in Fall 2015. The university has reached 92% of its goal for African-American student enrollment and 48% of its goal for Hispanic student enrollment. However, it should be noted that the Hispanic student population has increased 369.3% since 2000 due to its strategic plan goal to become a Hispanic-Serving Institution.

Full-Time Equivalent Enrollment

2. Fall semester credit hours (SCH) includes undergraduate(15), master's(12), doctoral(9), special-professional(12), and optometry(17). 

	Fall 2000	Fall 2014	Fall 2015	% Change Fall 2000 to Fall 2015
Total FTSEs	5,118	8,081	8,833	72.6%
State-Funded FTSEs	5,117	7,767	8,477	65.7%

NOTE: The percentage change is based on the actual FTE numbers and may vary slightly from the calculation produced by the rounded numbers. Post-baccalaureate students are counted separately from master's for headcount enrollment and are counted with master's for FTE enrollment calculations.

The increase in full-time student equivalents (FTSEs) has increased 72.6% since Fall 2000 and state-funded FTSEs has increased 65.7%. The difference between the two is attributed to the large number of online, out-of-state students who do not count for state funding.

The continued increase in the number and percentage of transfer students reflects the large population of community college students in our region, as well as marketing and recruiting in that sector.

Higher Education Accountability System

Participation - Out-of-State Peers

Out-of-state peer data is from the Fall 2014 IPEDS report and may not match accountability data because of differences in the source of the data. Accountability measures are primarily derived from institutional data sent to the CB for CBM reports. Data reported on this out-of-state peer link is obtained from the IPEDS system of institutional reporting to the federal government. Data differences may result from different reporting periods and different definitions for the data elements.

A&M-Commerce has traditionally appealed to first-generation and non-traditional students who often take longer than four years to complete the baccalaureate degree. Institutional efforts have been made to increase retention and subsequent 4-, 5- and 6- year graduation rates, and the trends are generally positive in these areas.

Although A&M commerce experienced a slight decrease in degrees awarded between FY2014 and FY2015 in the graduate level categories, the institution has experienced a steady increase in the number of undergraduate degrees awarded from FY2000 to FY2015. Substantial increases have been made in the number of degrees awarded to minority students, during this same time period. A&M-Commerce continually strives to increase the number of degrees awarded.

* Includes baccalaureate and associate degrees.

Although degrees in this field have decreased from FY2000 to FY2015, the number of degrees awarded increased by 20% during the shorter period from 2013-2015. The Engineering field degrees awarded leveling off can be attributed to the transition period between closing the Construction Science program and the implementation of the new Construction Engineering program.

The data for this accountability measure is tracked for one year for students who met TSI and for one, two, and three years for students who did not meet TSI for this report.

*The Unknown (unduplicated) category does not include students who are unknown in some areas and not met in others.

**Unknowns by area include students with waivers or exemptions who have not been reported as meeting TSI on a performance measure; FTIC students with waivers or military exemptions who were reported as meeting TSI in all areas based on performance measures are included in the "met state standards in all areas" category.

36. Percent of FTE teaching faculty who are tenured/tenure-track 	58.3%	54.9%	57.6%	- 0.7

The percent of tenure/tenure-track faculty is expected to show a slow increase for the next five years due to recent and future faculty hires.

Quality Enhancement Plan

37. Quality Enhancement Plan, Including Reaffirmation Year 

In accordance with the Southern Association of Colleges and Schools Commission on colleges Core Principle 2.12 and comprehensive standard 3.3.2, Texas A&M University-Commerce has selected and developed a topic for the Quality Enhancement Plan (QEP) – Preparing Students for An Interconnected World. The QEP was reviewed by the SACSCOC on-site review team in the Spring of 2014, and reaffirmation was announced in December of 2014 by SACSCOC. The QEP has been fully implemented during the Fall 2014 term at A&M-Commerce. The A&M-Commerce website offers a full description of the QEP at: www.tamuc.edu/QEP. Additionally, multiple social media channels have been established, including two-way communication via Facebook at www.facebook.com/tamucqep. The QEP committee can be reached at QEP.Committee@tamuc.edu

Excellent Programs

38. Excellent Programs 

Highlighted Excellent Programs 1

Texas A&M University-Commerce offers a competency-based program that prepares innovative leaders for employment in an increasingly technological and global society. The Bachelor of Applied Arts and Sciences degree in Organizational Leadership (BAAS-OL) is an affordable way to earn a baccalaureate. The entire program is available online and is tailored specifically for adult learners. Tuition is a flat rate fee for each seven-week term and many of the courses include e-textbooks at no extra charge. Students are able to use current knowledge to demonstrate mastery of the subjects and to help them accelerate and shorten the time to degree completion. <http://www.tamuc.edu/admissions/oneStopShop/undergraduateAdmissions/transferAdmissions2/BAASorganizationalLeadership/default.aspx>

Highlighted Excellent Programs 2

The Teacher Education Programs in the department of Curriculum and Instruction (C&I) include various degree programs and has approximately 1,000 undergraduates, 425 masters students, and 70 doctoral students. The undergraduate (BSIS/BAIS) program operates within a well established collaborative of P-20-focused partnerships with more than 40 districts. It's consistently among the top 5 producers of teachers in Texas & currently #2 in producing science teachers. Recent CREATE data cited an 81% retention rate after 5 years for graduates of our undergraduate programs. A&M-Commerce's Masters for elementary teachers has been ranked #2 in the nation by graduateeducation.com; and, ranked #13 in the Top U.S. Colleges and Universities for Teaching. Within the last few years, faculty members have received over 20 teaching and other awards. Additionally, the C&I faculty have procured approximately \$5.3 million in grants in recent years; and our STEM Initiative, LeoTeach/Leonniteach, aligns with (TAMUS) goals outlined in Changing the Face of Public Education to Impact New Realities.
